

Polyurethane is increasingly being used for applications such as fun, leisure, sports and games owing to the material's flexibility, toughness and durability.

We are looking for the next big innovation for PU!

The Indian Polyurethane Association is excited to announce a **Design Competition that is open to all creative minds.**

All we need you to do is share an original design idea for PU application in Fun & Amusement through a Concept Note with a compelling value proposition.

And if your design is selected, you could be the lucky winner of

1 LAKH CASH AWARD
